Colours that allow you a large possibility to express yourself.

Iwasaki Eri
You will enjoy this sensational paint. These magnificent and natural, calm colours spread smoothly. They can be used like a dye, blended, scratched into, and painted over while remaining opaque. These paints will allow you a new way to express yourself through painting!

Colour Pearl series
Colours of this series have splendid, refined, soft and warm luster like pearl.

Luminous series
Brilliant fluorescent colours. Using a black light will make them illuminate.

Pearl series
Colours of this series have unique pearly luster.

Pastel series
Clear and pure tones will express delicate and sensitive beauty.

Metallic series
This series can offer metallic colours with a gorgeous glitter.

Grayish series
You can achieve various grayish expressions as you like. Quiet tones that will not make your work too dark are offered.

Lamé colors series
Colours of this series have unique particles that reflect the light by shining.

Mixing series
Colours of this series were especially designed for mixing.

■ Capacity and the number of colours. -36colours in 11ml tubes. -219 colours in 20ml tubes. -98 colours in 40ml tubes. -24 colours in 100ml tubes. ■ Measured by the spectrophotometer. Painted on paper with brush. ■ Hue, Value and Chroma are specified by the munsell system. Lumi Colours (No.24-25-201-202-204-206-208-209) and Metallic Colours (No.70-78-79-95-221-233-401-422) are not specified. ■ Light Fastness ★★★=Excellent ★★=Good ★=Fair No asterisk means Poor. ■ Portions of all description may be changeable when an improvement is planned and executed.
