### FAQ's

**Q-** What is the inspiration behind this new palette?

**A-** These new Limited Edition Water Colours are inspired by the deserts all around the world, from the Sahara, to the Australian outback and the American southwest. Tested with artists around the world, the new colours were selected from 3 new palettes.

**Q-** Are these completely new pigments?

**A-** The new colours are created with completely new pigments to the range; all are professional grade and offer excellent colour vibrancy and lightfast properties.

**Q-** Do these new colours have the same properties as other colours in the Winsor & Newton Professional Water Colour range?

**A-** Formulated with Gum Arabic, our new Limited Edition Water Colours deliver the same superior colour and performance as all the colours in the Winsor & Newton Professional Water Colour range.

These new colours combine perfectly with all colours in the Winsor & Newton Professional Water Colour range as well as with the Winsor & Newton Water Colour mediums.

**Q-** Are they only sold for a limited period of time?

**A-** Yes, but the most popular colours may be introduced into the core range at a later date.
