Inspired Color Description:

This color, Smoky Lavender, is important because it is not only beautiful, but very useful. It can bring a subtle shadow to still lifes, enhance shadows on snow, mountains, or flowers in a landscape, as well as offer a subtle muted shade for abstract painters like myself. While most purple paints out on the market are incredibly bright, this shade will mix well into others, while allowing its muted quality to interact well with a variety of other paints and colors. It is a great tool to have in your painters studio!
