Set Up Your Account

Choose your setup option

[Create a New WordPress Site](#)

[Migrate Your Existing WordPress Site](#)

Migrating your WordPress site is actually easy:

1. We install a plugin on your existing site.
2. We copy your files (including wp-config) and databases.
3. Your site goes live on a temporary domain that you can change later.

Note migration can take between 30 minutes and 2 hours.

WordPress details

Create your WordPress login credentials.

New WordPress username

1

Email address

2 webmarketing@jerrysartarama.com

New WordPress password

3

Show password

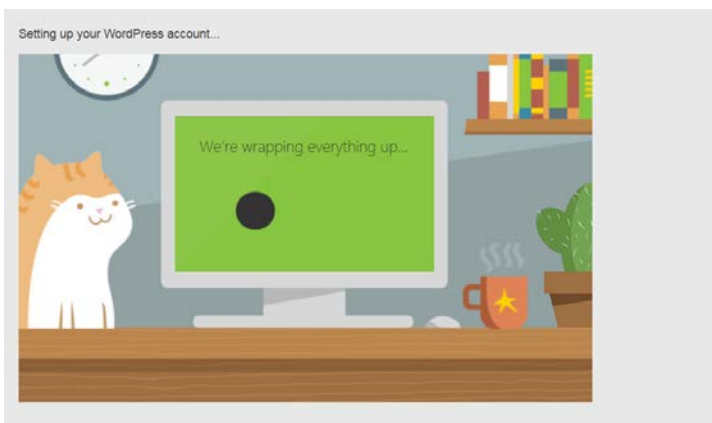

Finish

ENTER YOUR DETAILS – Remember to write them down as you will need them to login into your administration panel afterwards to begin your site

1. Username: create a username
2. Password: create a password
3. Enter your email address

At this point your account and managed WP solution will begin configuring the set up

You Should see a screen similar to this once you have the account set up and the auto wordpress installer working

Step4:

Once installation is complete you can now access your newly installed wordpress website and or use this link to access your admin panel with the above details you entered for the login (username and password)

- www.yournameartist.com/wp-admin (replace with your website domain/wp-admin)

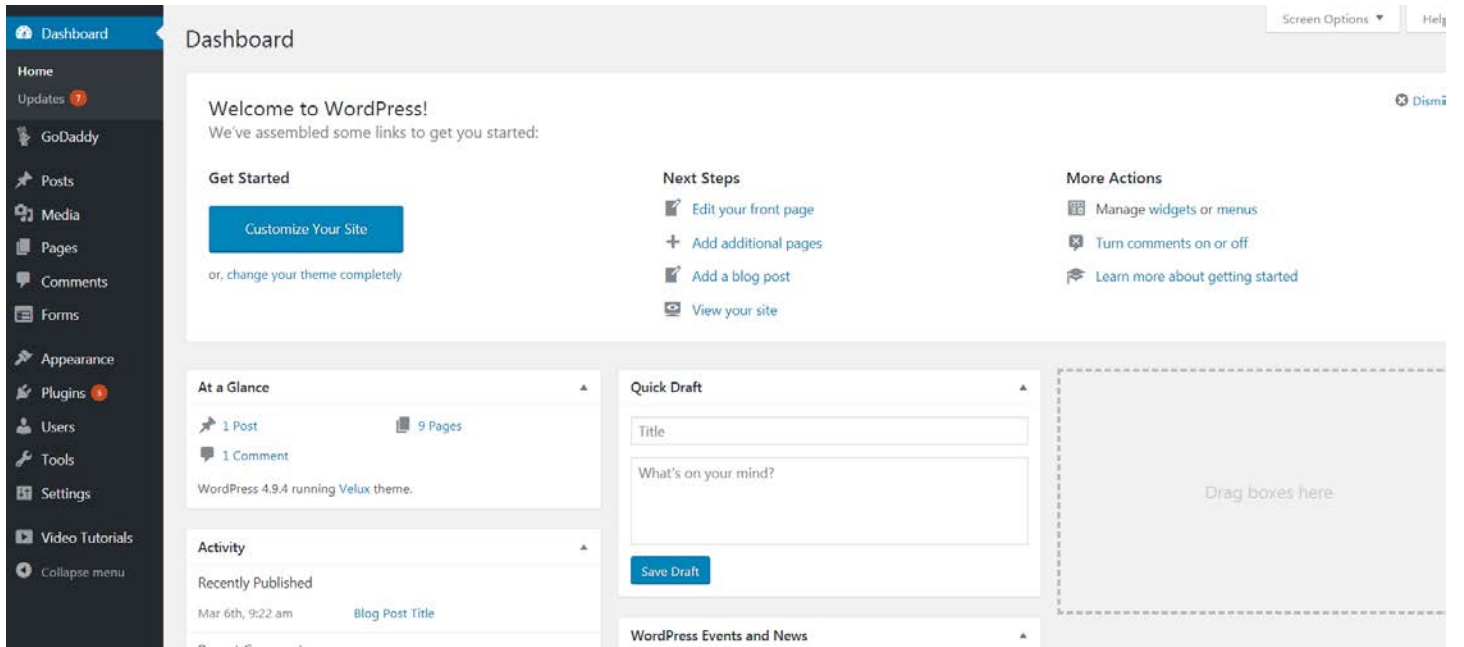

you should see this login screen

The image shows the WordPress login interface. At the top center is the WordPress logo, a blue circle with a white 'W'. Below it is a white login box with a light gray border. Inside the box, there are two input fields: 'Username or Email Address' and 'Password'. A red handwritten '1' is next to the first field, and a red handwritten '2' is next to the second field. Below the password field is a checkbox labeled 'Remember Me' and a blue 'Log In' button. At the bottom of the login box, there is a link 'Lost your password?' and a link '← Back to My Art Site'.

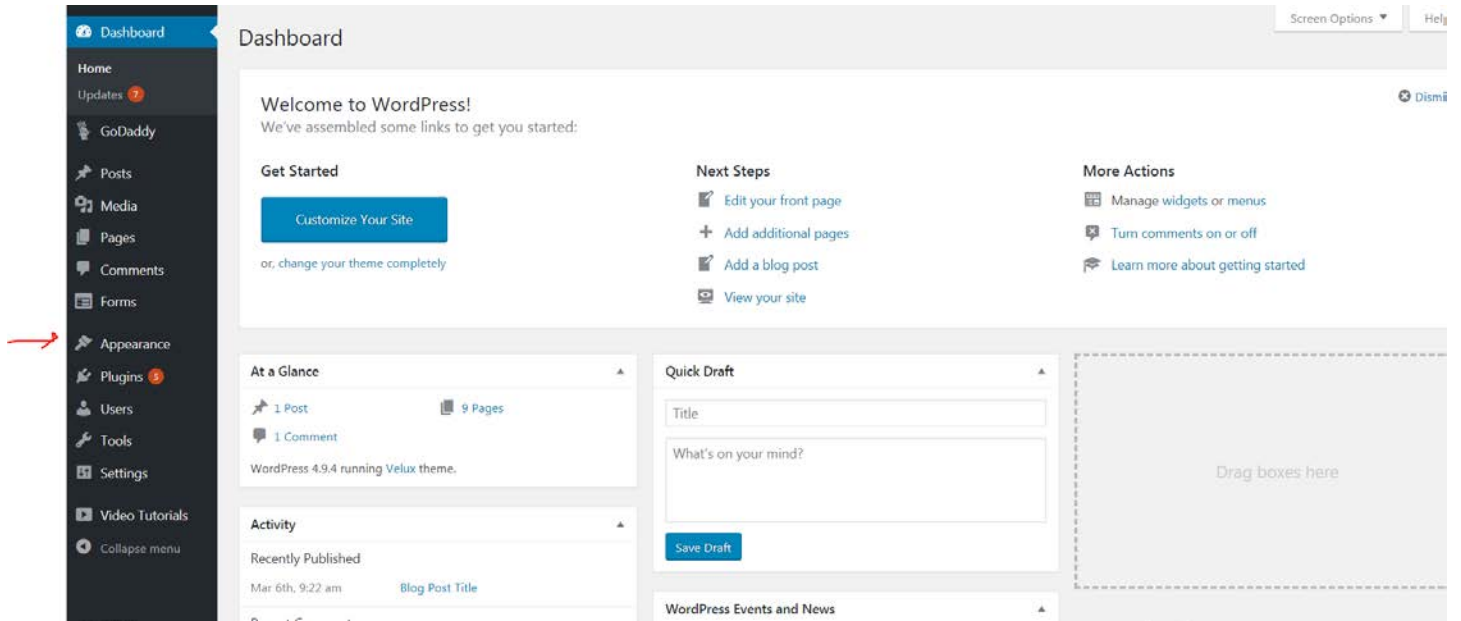

Once you login you will now be at the “Dashboard” to make the pages and edits

Your website Dashboard will look like this

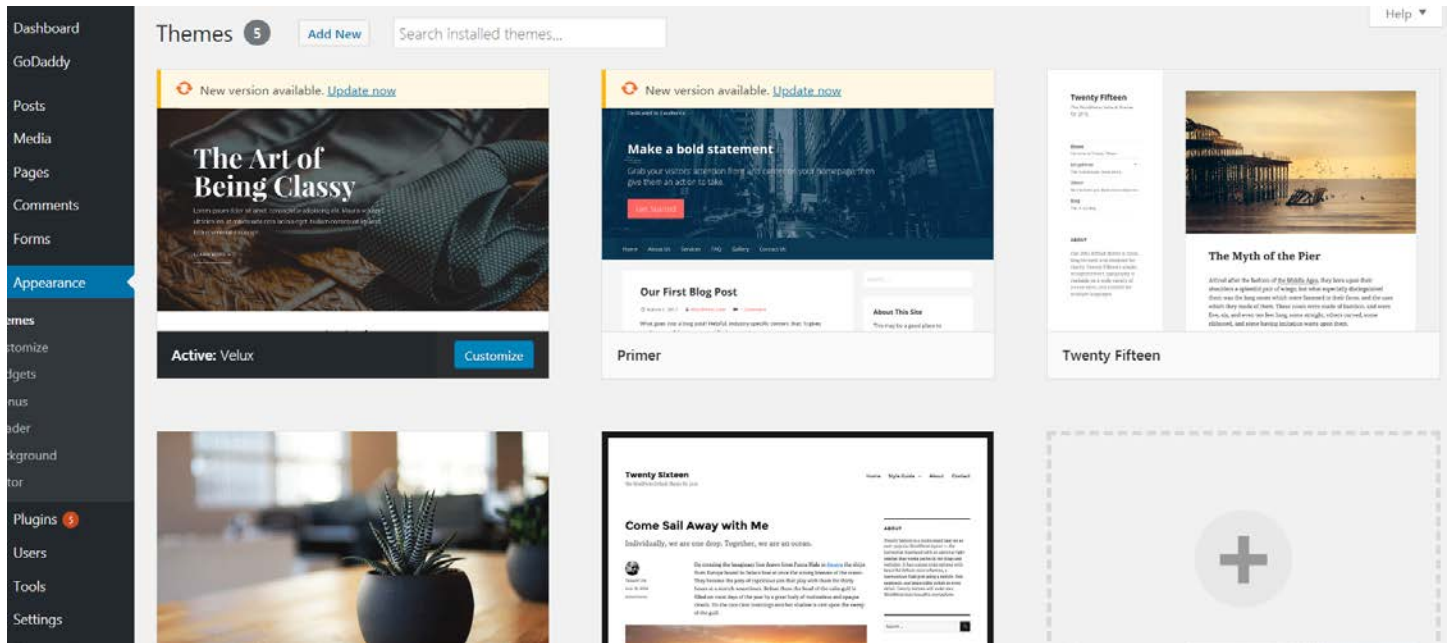

Step 5 – appearance

Click on appearance-. Themes and now begin to choose the template styles you like

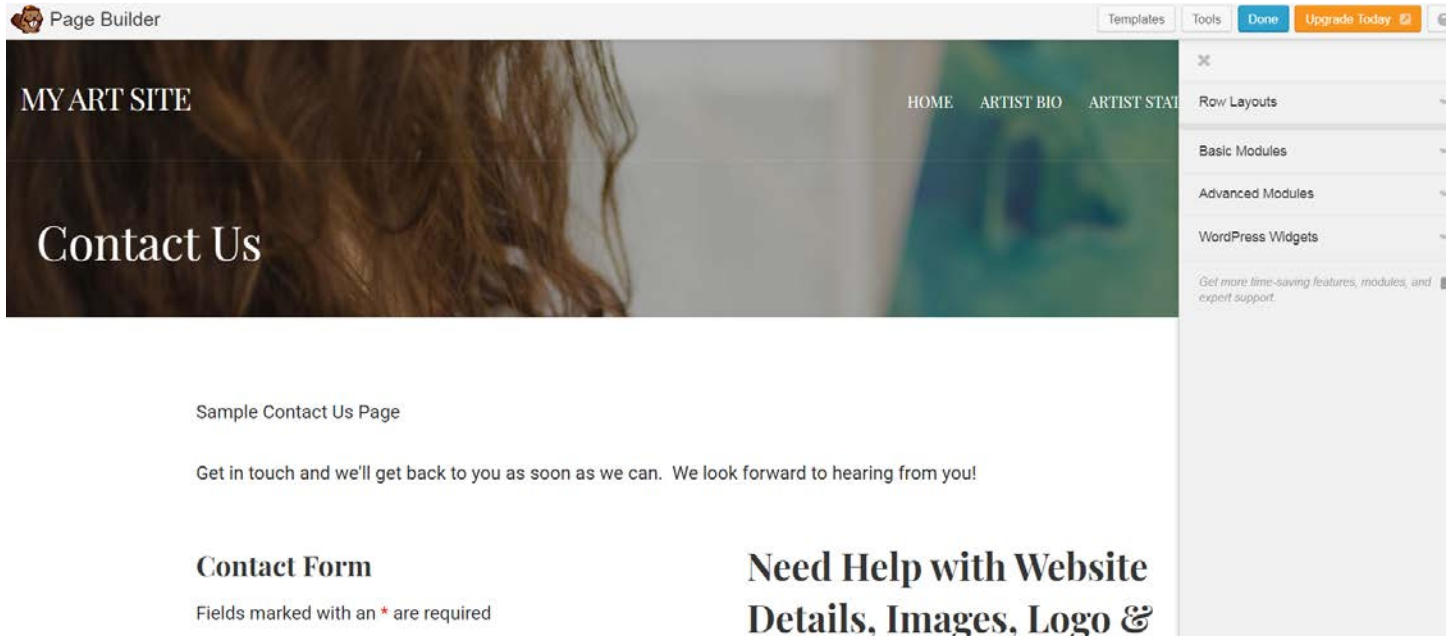

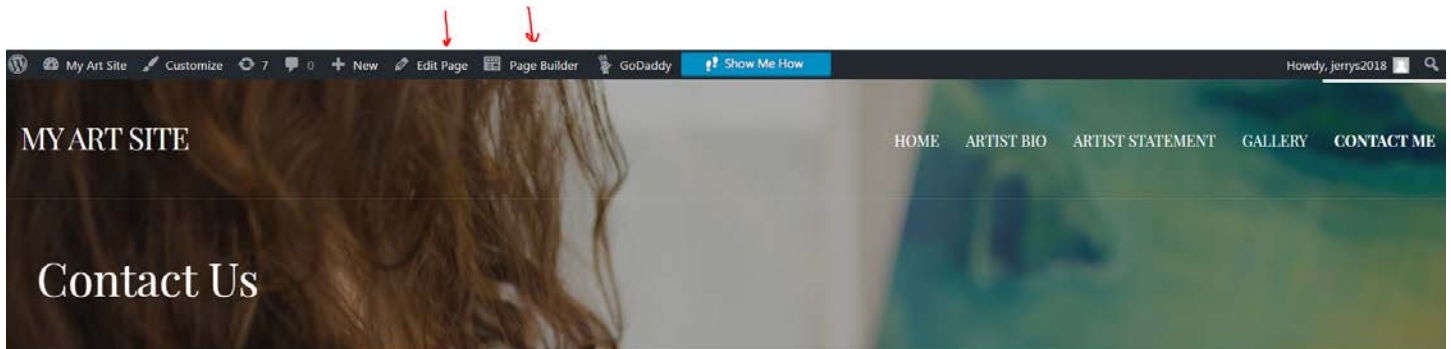

Pick a template (for more advanced you can buy one or choose more from the free versions)

Step 5 - Once you have template picked out you can now begin to customize it to your look and feel you can

- Add your details
- Colors
- Add posts
- Add Pages
- Add Galleries and Images
- Add Menu Items

Note once you are logged into the admin panel, you can go your live site and from any page edit it

Some knowledge of images and graphics is helpful

The above is basic set up and details
