

**2 types of panels mounted with
7 professional surfaces to choose from!**

Professional Canvas Art Panels

Thought about making your own linen panels, but could use that valuable time painting instead of prepping? Jerry's has heard you, and has taken the beauty and luxury of Europe's finest Linens and Poly Cottons, and professionally mounted them on Da Vinci Pro Birch Wood Panels for your convenience! Using Lineco Neutral pH Adhesive (acid-free, museum-quality formula designed specifically for preservation materials), Jerry's skilled craftsman hand-mount Raphael Linen, Claessens oil and universal primed linens, and Belle Arti poly cotton canvases to our own cradled birch panels. This creates flawless, museum-quality painting panels unlike anything on the market. Perfect for oils, alkyds, acrylics, egg tempera, and caseins!

Key Features:

- 7/8" and 1 1/4" cradled depths for dramatic presentation
- Exceptional panel strength and rigidity
- Available in 7 professional quality linens and poly cotton canvases
- Panel foundation is warp-resistant Birch with kiln-dried New Zealand Pine cradles
- Archival canvas panels crafted by skilled artisans

**A. Raphael Oil Primed
Fine Textured Linen**
1× Glue 2× Acrylic 2× Oil 13 oz.
